

Seen, Heard and Told

By The Editor

For all intents and purposes, we are at war with the Axis powers. To exert anything less than our maximum efforts is foolish.

They cannot say now that Mississippi got nothing from the Lend-Lease bill. We got one of the six pens used by the President in signing the bill. Many people would prefer that our Senators and Ford would get us a camp or some kind of something more valuable than a pen, for North Mississippi.

However, a pen is a pen. Thanks for that, Pat Harrison.

Our friend up Beale Street, Talbert Turner, will be a "widower" for about two months while Mrs. Turner is visiting their two sons, H. W. and F. W. in Washington.

Due to the fact that we are getting out early this week, the old lady had to omit an article about the delightful party given by the Fortnightly (spell it right, Horn, for God's sake) Club at the Community House.

Those Presbyterians fooled Harry Greenfield and me. Instead of fish, as advertised, they had ham and kid, like the Peabody Hotel, they would not grind either for me.

There was a rash Saturday, March 15, to get into the mails the belated reports on income. I did not know I had an income until I began figuring.

Iude Sam ought to begin feeding his oats, building tanks and battle ships now that our Mr. Greenfield sent in his part six cents in the form of a check on the Trust Bank. Iude Sam will really lose four cents when he cashes that check, with ten cents exchange.

They say there is a brand new diamond sparkling on the finger of a pretty gal here in Grenada. But it's a secret.

The handsome and efficient boss of Belmont Cafe, Mrs. M. J. Waldrop, spent the day in Memphis last Thursday on Friday, the equally handsome and equally efficient boss of Rose Cafe, Mrs. Thomas Rose, spent the day in Memphis.

All of us, irrespective of age and financial condition, must make sacrifices "of privileges, but not of Liberty," as President Roosevelt said Saturday night.

The county must have plenty of money, as the County Proceedings, as published, shows that it appropriated \$50,000 to the Northwest Mississippi Livestock Show. We have prosperity here, and don't know it.

Much obliged to Henry Ford for so many ads. In slight appreciation of those ads, I put a cartoon, depicting his efforts to turn out skilled men, on the front page last week.

School Census of City To Be Taken Soon

After a few days, pupils of the Senior Class of Grenada High School will take the Census of Educable white children in the city of Grenada. This Census is taken every two years. It is required by the State Department of Education as a basis by which the cities part of State School Fund is determined. This Census include all children between the ages of six and twenty-one, whose homes are in Grenada, whether in school or not, whether married or single, whether at home or elsewhere. Your City School Superintendent and Board of Trustees will appreciate your cooperation.

Very sincerely yours,
JOHN RUNDLE.

"Progress Push" And Cooking School Held

A cooking school, conducted by Miss Fannie Mae Izard and Mrs. Odell Gills on Tuesday, Wednesday and Thursday afternoons, a banquet followed by a "Call to Arms" held Monday night, and a comprehensive showing of various electric appliances by local dealers, featured the effort of the Mississippi Power & Light Company to enlist the aid of wholesale distributors, local retail distributors, newspapers and, most important, the housewives, in better living through use of modern electrical equipment in the homes. All of these various activities were centered at Barwin Hotel in Grenada.

The three cooking schools have been well attended. Numerous prizes, most of which were food dishes prepared under the eyes of the audience, were awarded.

Each of the dealers of Grenada had a section of the Barwin lobby to display his own types of modern electric household equipment, refrigerators, washers, ironers, stoves, fans, warming pads, etc., etc.

Monday night, many representatives of the wholesale distributors, representatives of the retail dealers in Grenada and from other communities in North Mississippi, several newspaper men from North Mississippi and a number of employees of Mississippi Power & Light Company, some bringing their wives, enjoyed a banquet at the Barwin, then moved to the auditorium where the power company men graphically illustrated the effort that it is making to further "the war" by newspaper advertising, pamphlets, personal calls, and its eternal slogan, "defeat through the eyes and ears." See your local appliance dealer—electricity is cheap.

Mr. Lem Boone Elected Alderman At Large

In the city election held last Saturday, March 15, 1941, Lemuel D. Boone was lucky by being elected alderman at-large, while Julius L. Townes, Jr. and W. A. Billups were luckily being defeated. The score was:

Boone	123
Townes	109
Billups	52

Mr. Boone is general manager of Grenada State Company. It is assumed that he will receive his commission from the Governor in ample time for him to take the seat, made vacant by the resignation of Mr. W. W. Whitaker, when the City Council assembles in April.

For several months, the city has been governed by a four-man board, Whitaker having resigned and Jim Moss having been in the hospital.

Messrs. Jim Horn, Jim Moss, Clarence Burt, Claude Perry, Harry Barkley and Lem Boone now constitute the Board of Aldermen, with Robert W. Sharp as Mayor.

Rotary Club Officers Are Elected

The newly elected Board of Directors of the Grenada Rotary Club announced this week the selection of Mr. Homer J. Williams as the new president, Mr. David Y. Dubard as vice-president and O. D. Spratlin as secretary-treasurer.

England And Germany

(By Herbert B. Allen)

It has taken the American public a tediously long time to recognize the essential nature of the present titanic struggle between England and Germany. In spite of the abundant evidence which Germany has provided, millions still think of this war in terms of national rivalry, as the old wars were fought in Europe, or a conflict waged for commercial supremacy. Up to the disaster which overtook Czechoslovakia, the issues were not too clearly defined—but from the date on which the German-Russian convention was signed, there has been no doubt that this world revolution was planned by probably less than twenty men, with the design of attacking the successful democracies, and plundering their wealth and resources.

Probably never before in recorded history has a group of men had such a perfect ally with which to successfully cloak their real intentions, as have the Nazis of modern Germany. To no nation on earth did the signing of the German-Russian agreement come with such a shock as it did to the German people themselves. Russia has been the traditional foe of the Nazi regime. The Russians, their government, their leaders, and their army, have been held up to the German nation in terms that would make

Mr. Ray Writes On Power Rate For Churches

Mr. W. W. Whitaker, Editor, Grenada County Weekly.

You have published a number of letters and articles under the name of Mr. C. W. Briscoe, concerning the service and rates of the Mississippi Power & Light Company at Grenada.

I am wondering if Mr. Briscoe could advise the Churches of the town, just why they are charged a higher rate for their Electric Power, than any other group or individual users of their service, even though the Churches consume much more than the average residence monthly.

The highest maximum charge for Commercial Electric Service is 5 1/2 cents per kilowatt, with a downward scale; for Residential Electric Service 3 3/4 cents per kilowatt, with a downward scale; for CHURCHES 7 cents, with no downward scale.

I can't understand why this is unless it is that this Company is managed and controlled by large Corporate interests outside the State of Mississippi and not in the hands of the local management.

H. J. RAY.

H. D. Leaders Hold Meeting

The Home Demonstration Leaders meeting was held in the Agricultural building on Wednesday, March 13, with 15 leaders present. Miss Lorraine Ford, Home Management Specialist, State College, was present for the demonstration. This meeting was on color in the kitchen, making of home-made floor stain, and home-made floor wax. Applique designs for kitchen curtains were given to the leaders, also home-made curtains with these designs were shown the women. These curtains are made of the cheap, but very beautiful material from a mill and company suitable especially for curtains, pillow cases, luncheon cloths, and sheets, other uses may be made of the material.

The leaders present for the demonstration were: Mrs. W. N. Hayward, Mrs. T. H. King, Mrs. J. R. Willis, Mrs. Lee Rouse, Mrs. Nettie Aldridge, Mrs. Gillie Pickle, Mrs. J. R. Purdy, Mrs. J. E. Cantrell, Mrs. Bob Moore, Mrs. Sam Gillon, Mrs. Bob James, Mrs. E. L. Boteler, Miss Mary Clark.

The April meeting will be on Recreation in the home. Miss Jewell Garland, Rural Organization Specialist, State College, will direct the recreation.

I see from the County Proceedings, as published, where the county paid the city \$450,000 as the city's part of the poll tax collections. Grenada, that is the city, should use that money and retire practically all its bonded indebtedness, and reduce taxes to one-half the present level. Or the city could build a generating station and a couple of high school buildings, and still have some left to build an addition to the hosiery mill.

"Golgotha" First Talking Passion Play to Be Shown

The Twentieth Century Club of Grenada has arranged to show on April 5, one of the most unusual talking motion pictures ever made. The title of the picture is "GOLGOTHA" and it is the first and only talking motion picture ever made of the famous Passion Play. This motion picture presents the immortal story of the crucifixion of Christ in a spectacular and impressive manner. Critics everywhere have acclaimed it the greatest picture of its kind ever made. This remarkable picture should be seen by every man, woman and child in this community. A complete set of the finest, talking motion picture equipment will be brought to this city for the showing of the picture. This equipment includes a special projector, a complete sound system and a modern screen. As a result, you will be able to see and hear this picture perfectly.

Watch your newspapers for further announcements and plan now to see this picture show.

Mrs. Octavia G. Rowell Buried At Duck Hill

Mrs. Octavia G. Rowell, widow of the late Mr. S. W. Rowell, died at her home in Duck Hill, Mississippi, on March 18, 1941.

Mrs. Rowell was born in Mississippi and was a member of the Methodist Church. She was a devoted wife and mother, and was well known in the community.

There are so many beautiful things that can be said of this splendid woman whose well spent life of some seventy-eight years had been a home of devotion to all those who were close to her and knew her best. She was a real mother and a true friend. She was of a most cheerful and optimistic disposition and this happiness radiated to those around her.

Her husband, Mr. S. W. Rowell, well known in the community as a farmer and Duck Hill, preceded her to the grave many years ago. Several years after his death she moved to her home in Duck Hill, Mississippi, making her home with her daughter, Mrs. Fred Atchey. Last year the family moved to Memphis and Mrs. Rowell had a number of friends there. While in Memphis she was very good for several years she was only in bed a few days when she developed pneumonia and, unfortunately, died.

She is survived by a son, Mr. Fred Atchey, Jr., attending school at the University of Mississippi, and two little granddaughters, Gary and Patricia Atchey, Memphis.

Her young friends who had known her since she was a child, were: W. R. Farr, Grenada; J. C. Sledge, J. E. Atchey, J. D. Wilkins, A. L. Taylor and W. B. Caffey, Duck Hill.

Her funeral home of Greenwood, in charge.

Civic League Market March 29th

The Civic League is busy with plans for staging their annual Spring Market Saturday morning, March 29, at 9 a. m.

This event is always, united with enthusiasm by the ladies of Grenada as they have an opportunity to purchase delicious home-made cakes, pies, salads, candy, breads and choice dressed poultry. Fresh eggs will be on sale also.

The money made at this market will be used to beautify the street intersections of the city, the Square and points formed by street intersections. The Civic League members are urging in their efforts to beautify the city and deserve our patronage at their market, so remember the date, Saturday morning, March 29, at 9 o'clock, and the place, the office of Mississippi Power & Light Co., and this day will be on hand to secure some of the delicious home prepared foods they will offer.

President Roosevelt delivered a lightning all-out speech Saturday night. In our humble opinion, his most apt illustration was contained in his reference to the Lamp of Liberty: that we could no longer be content to trim the wick and burnish the lamp, but must furnish it ever increasing quantities of the oil to keep it alight. That's the whole story, aptly put.

Election and Banquet Held By Retailers Association

The Retailers Association of Grenada held its annual election and banquet on Tuesday, March 19, at the Barwin Hotel. The election resulted in the following officers: President, Mr. J. B. Perry; Vice-President, Mr. J. R. Williams; Secretary, Mr. J. E. Cantrell; Treasurer, Mr. J. R. Purdy.

The banquet was a most successful affair, with a large number of guests in attendance. The program included a variety of entertainment, and the evening was most enjoyable. The association is planning to hold another banquet of this kind next year.

The association is a non-profit organization, and its funds are used for the benefit of the community. It is a pleasure to have such a group of dedicated individuals working for the betterment of Grenada.

The association is also planning to hold a series of lectures and seminars on various topics of interest to the community. These events will be held at the Barwin Hotel and are open to all members of the association.

The association is a very active group, and it is a pleasure to have such a group of dedicated individuals working for the betterment of Grenada. We look forward to many more years of service to the community.

Presbyterian Men's Bible Class Have Supper

The Men's Bible Class of the Presbyterian church of which Mr. Fred Griffin is president, celebrated with its annual supper last Friday night. Roast mutton, fried ham, salad, and trimmings, all in a midwife, were enjoyed not only by the members but by about a score of ladies and gentlemen. The ladies of the church also served the supper.

My Column
Cpl. Whyte Whitaker Jr.

No more worry about clean sheets. From now on, the rich uncle of the 31st Division, our own Uncle Sammy, will foot the bill for clean bed linen. Two sheets and one pillowcase per week is the allotment for each enlisted man. Why not add pants, shirts, underwear, socks, handkerchiefs and finger-balls?

Flash! Dorsey Ray Tolson and Russell Hooker are now in the vicinity of Grenada. Take the necessary measures. That is all.

The Eagle is not going to lay her eggs for us until the 7th day of April. Who has been using the tactics of the giant? Anyway we defend on an Eagle not a goose!

Sergeant Grantham's supply helper, Garland C. Mitchell, has put on 31 pounds since induction. He waddles like a duck when he walks.

Everything is being made ready for the Selectees that we are scheduled to receive this week. We have put in a requisition for 40; this will bring our battery to over strength. If they are large enough to fit the clothes and shoes we were issued to give out to them they will be of giant size.

Over 12,000 men from four New England States arrived at Camp Blanding last week. They make up the 43rd Division. As soon as the 31st and the 43rd receive their selectees this camp will be one of the largest cities in Florida.

It is likely that we will have three months of maneuvering beginning June 1st, lasting through August. Oh me!

Ruth, your "Hoot" was seen by this writer riding in a Packard car recently with a good-looking female. You should send him more candy and letters or quit all together. We haven't heard him sing his theme song.

There are literally thousands of hogs roaming the pine woods around this camp. They are regular Pinewoodsers, with long bristles. These hogs run from a man while out in the open but will make you take a tree when he is chased into dense undergrowth.

Mrs. Basil G. Burt will receive the GCW for a year. She has been after Sgt. Burt ever since she moved to Gainesville to subscribe for it, but like all men he has put it off. Maybe you will get some peace over the week-end now, Sergeant.

I see in the Bulldog that you, Benjie, are taking advantage of my pitiful situation.

Of all the resolutions that I've ever made, I have broken a lion's share of them. However, I'm not going to break the latest one: "Not to throw a cigarette or a match on the ground." The fun for breaking it will be one week on K. P.

PROMOTIONS RECENTLY MADE IN THE BATTERY

A Leopard shows his spots—a soldier shows his stripes. This and last week saw a number of promotions made in this battery. Several non-coms were promoted to higher grades and quite a few privates were promoted into the ranks of non-coms.

Sgt. M. M. Batson was promoted to Sergeant Major; Staff Sergeant N. H. Ming to Technical Sergeant; Private William "Hoot" Roane to Line Sergeant; Corporal James R. Hooker to Line Sergeant; Private Leonard Bagwell to Corporal; Private Rogers J. Bell to Corporal; Private Frank R. Tins to Corporal; Private E. G. Shaw to Corporal; Private R. J. Schmitt to Corporal; Private W. T. Sullivan to Corporal; Private B. F. Echols and Private J. E. Hutson to Corporal, and Corporal H. R. Vance to Line Sergeant.

Our crazy cook, Pat Austin, while shaking his fist at the top kick bunnies into a tree and skinned his nose, wonder if he would walk into an onion and let do murder.

HOOTS' CORNER

This week we will have an addition to this column. Sgt. William "Hoot" Roane will be the scribe and it is hoped that he will make a weekly feature out of it. "Hoot" says—

Shelley Jackson bought a durn baby alligator over the week-end. He says he's going to put it in S. B. Spencer's bed some nite. I'll let you know who goes next week, the alligator or Spencer.

Moore Batson bought a new pair of shoes this week. You should see them. A boot black that would shine them for a dime would paint a house for a quarter.

I was blown out the Alligator and Gertrich farm by St. Augustine last Sunday and they had one cage with a wildcat in it. I was standing there looking at it and two men walked up and looked at the thing. One asked the other if he knew what it was and the other told him that he reckoned he'd better married one. I'll tell you next week.

England And Germany

(Continued from page 1)

ology of Nazi Germany. If any person considers this to be a war of commercial rivalry between England and Germany, let me remind him that Conservative Party in Britain is the party of the business man, the exporter, the imperialist—in other words, the big Army man. Chamberlain represented the great business and financial interests of Britain those years of appeasement.

Because Austria was a German speaking country, and there had been strong sentiment there for a union with Germany for many years, the bloodless conquest of Austria was not seen in its true significance at that time. The stark program of the Reich was not unveiled in its naked ruthlessness until the rape of Czechoslovakia.

With the conquest of Czechoslovakia, Hitler acquired an industrial system intact — plus a modern army's equipment. Austria and Czechoslovakia were in normal times two of the world's chief manufacturers of munitions and armament. Added to Germany, they made intact once more the great industrial machine which armed and munitioned the armies of Germany, Austria-Hungary, Bulgaria and Turkey in the first world war.

It is important to remember that all of those countries were allied against Britain in the last war. Although the German drive on Paris failed in 1914, the Germans occupied all of the north-east industrial region of France, and the iron and coal resources in Alsace-Lorraine. This left the French army dependent on Britain's industrial system, and the Belgians also. Holland supplied the German army then, as it does now. Denmark furnished food, and Sweden vast supplies of iron for Germany's steel industry. So the situation is not so radically different from the first World War as might be supposed.

When I was in Grenada recently, my predictions of a drastic defeat for the German armies was received with no indications of skepticism. It was impossible, owing to limitations of time, to suggest how Germany's fall will be brought about. But next week I shall write on that subject exclusively.

When the present commanding officer of the U. S. Air Corps, Major General Henry H. Arnold, was a major in the War Department in 1917, I was a young lieutenant in the Regular Army on the staff of the Chief of Air Service. I have retained my interest in military strategy, and my article on how I think the British will put Hitler on the run, will be based on my own experience in aerial warfare.

German armies are now scattered to the four winds. They are in Norway, Denmark, Poland, Holland, Belgium, France, Czechoslovakia, Hungary, Rumania and Bulgaria. They are also

scattered over 500,000 square miles of territory, and among more than 100,000,000 bitterly hostile people. They camp literally on a powder magazine. The more Germany expands, the more vulnerable she becomes. The farther she moves from her main bases, and the longer her service of supply is drawn out, over territories where good roads are few, and railroads rare, the greater are England's chances for swift, crippling action. Germany has one great weakness which she is powerless to overcome. We shall strike it with paralyzing force!

In the GCW on February 27th we predicted that if the Japanese menace of Australia, the United States fleet would move out from Hawaii. On March 1st the New York Times editorially expressed the opinion. On March 10th the world learned that United States Naval units were anchored in New Zealand waters. Perhaps we may forecast in the GCW what the powers of the world will herald as glad tidings in the months to come.

If there are any aspects of the world struggle of special interest to GCW readers, the writer will be glad

to give his views on them. If requested, this weekly article is written solely to interest my friends in Mississippi. Make it your article as well as mine.

Our Sons, Too, Answer the Call

There are some who will say: "Of course, the Illinois Central is glad to do what it can for national defense. Just look at the trainloads of soldiers and of materials! If this keeps on, the road'll be in clover."

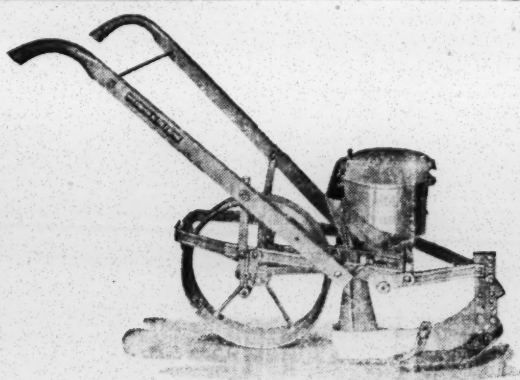

That's ONE WAY of looking at the subject. It's a cold-blooded way. It ignores the fact that the traffic was a long time coming and may quickly go. It ignores, too, that the traffic will be profitless in the long run if it causes us to over-expand facilities for its purely temporary handling. It ignores also the possible over-expansion of competitive carriers that would remain to plague us after the bugles stop sounding.

But MOST OF ALL it ignores the fact that the Illinois Central is a flesh-and-blood organization, made up of men who are FATHERS AS WELL AS RAILROADERS, many of whom were under arms themselves nearly a quarter of a century ago. Our younger workers, too, as well as our sons, are learning daily to enter national service.

On every train of troops we handle there may be one or more of our own boys. In every car of lumber there may be shelter for them, and in every box of arms or ammunition there may be something they will use in learning to preserve our nation.

SMALL WONDER, then, that we handle with utmost care the men and the materials temporarily entrusted to us by Uncle Sam. To fathers and mothers everywhere we say: You may rest assured we will take as good care of your sons and equipment as we are doing of our own.

Look at the planter shown above. Notice the sturdy, compact frame and the long handles for riding the planter on the wheel. You can handle that planter anywhere, and when it comes to the short, cut, and twisted rows in terra cotta land, or on hill sides, it's the sweetest handling planter you ever saw.

In the McCormick-Deering "160 Series" Planters you get this advantage of easy handling along with a choice of everything a grower needs in equipment to handle a wide variety of seeds. Four different types of hoppers, cotton and corn or cotton only, in the popular International Harvester reverse feed type with improvements, and short drop hoppers in both duplex and single hopper types. No fooling anything a man can ask for in a one-horse, one-row planter he can get in one of these McCormick-Deering Planter combinations. Ask us for complete information.

LET'S BE HONEST

Have you ever been tempted to cheat? Of course, you think at once that this question is extremely foolish, because who hasn't been tempted to help himself just a little bit with somebody else's facts? What can ONE answer more or less hurt?

But consider the facts. When a person "lets down the bars" enough to steal from someone else, his own self-respect suffers and he loses some of his dependence on himself. And besides, tests are given, after all to give one and his teacher an estimate of what he is capable of. If cheating is involved, the whole point of a test is lost.

From now on let's be honest in our knowledge, with our teachers, and with ourselves.

CHAPEL PROGRAM

On Wednesday, March 12, the student body enjoyed singing a new song "Go Back Where You Belong." A complimentary copy of both the words and the music was sent to Mr. Rundle. The song is one of patriotic theme.

Mr. Rundle then gave a short talk on Americanism. Using the quotation that Paul used when arrested, "I am a citizen of no mean city," Mr. Rundle stressed the fact that we should be proud to say, "I am a citizen of no mean country." The program was closed with prayer.

YEARBOOKS

Plan for the yearbooks are almost finished. The last material will be sent in soon. To insure yourself against not getting one of these new "super" yearbooks, see Miss Turner or one of the "Bulldog" editors.

PAY YOUR CLASS DUES

Plans for the Junior-Senior Banquet are rapidly taking shape. The tentative date has been set around the first of April. And are we looking forward to it!

WASTE BASKET

Conced from the pages of some disillusioned Senior's Literature book, with sincere apologies to Mr. Robert Burns. My love is like a red, red rose
That's newly sprung a leak,
My love is like the melody
From out a screech owl's beak—

Betty Edwards and Bryan Baker are O. K. again.

Marguerite Stanley enjoyed a visit from Dan Deiman from State.

"Ep" Smith has been shining around Hazel Turner lately.

"Poor" Keeton.

Billy Townsend seems to find himself at Hardy quite frequently—What's the reason?

"Uncle" Tommy Houston wandered over to Mary Lou Cullen's Sunday night.

Wonder why Frances Herring is so happy lately?

Miss Matheson and Couch Stalon are still enjoying each other's company—

"Tap" Marasaleo and Sarah have swapped rings.

Jean Geeslin and Benton Keeton nearly had a falling out Sunday night, but they patched it up.

Miss Williamson seemed to be enjoying last Sunday afternoon.

Polly Richardson looks forward to North Carolina's spring holidays.

She: (expectantly as he opens door): "Haven't you forgotten something?"

He: "But you said your Dad made you promise never to kiss a boy until you were 18."

She: "Well, he didn't make me promise not to just stand still."

Still nobody's captured Rowe Rhett—Girls, girls, you're losing the old technique!

It seems that an aged dog has just "taken up" at Willie Semmes' home.

LITTLE TEXAS NEWS

(Too late for last week)

The faculty of Calvary school has announced the following honor roll for the sixth month.

Beginners, Rebecca Vance, Jimmie Bennett and S. A. Williamson.

First grade, Wendie Pearl Lott and Glennis Carroll.

Second grade, Sara Blanch Williamson, Katherine Collins, William Earl White and Jesse Carter.

Sixth grade, Peggy Jean Whitman, Elizabeth Grady, Ruby McDonald and Lina Oakes.

Ninth grade, Eleanor Herbert and Mildred Carter.

Tenth grade, Eloise Bates and James Carter.

Calvary school and community are happy over the fact that one of our pupils, Katherine Carley, who has been very ill and in Grenada Hospital is now able to be at home. It is reported that she is still improving.

Rev. and Mrs. W. F. Garner home was the scene of a wedding which occurred on Friday night, March 7th, when Miss Marie Mitchell of Kilmichael, sister of Mrs. Garner, became the bride of Mr. James Maurice Pounds of Linden, Alabama. Rev. W. F. Garner performed the ceremony.

Mr. and Mrs. J. G. Bennett and sons spent last week-end with friends and relatives of Pittsburg, Miss.

NOTICE OF SALE OF LAND UNDER EXECUTION

Under and by virtue of a certain Writ of Execution, issued by the Clerk of the Circuit Court of Grenada County, Mississippi, upon a judgment rendered by said Circuit Court on the 29th day of July, 1937 in favor of Ollie Clark against Nancy Carpenter, Hattie Stricklin, and Emma Lott, for the sum of \$500.24, with 6 percent interest thereon from said date, and costs of suit, amounting to \$5.70, and which judgment was duly enrolled upon the Judgment Roll of said County, I, the undersigned Sheriff of Grenada County, Mississippi, will sell to the highest bidder for cash, at public auction, at the Courthouse Door of said County of Grenada, Mississippi, with in legal hours on April 7th, 1941, same being the First Monday of said month, the following described lands situated in said Grenada County, State of Mississippi, levied on by me under said Execution Writ, as the property of said Nancy Carpenter, Hattie Stricklin and Emma Lott, to-wit:
The E 1/2 SW 1/4 of Section 21; the N 1/2 SW 1/4 of Section 27; and the E 1/2 NE 1/4 of Section 28; all in Township 23, Range 7, East.
Witness my signature this 4th day of March, 1941.
T. T. HAYWARD, Sheriff.

The following resolution was adopted by the affirmative vote of all the aldermen of the City of Grenada, Mississippi, except Alderman Moss, absent and not voting, and ordered entered on the Minutes, as follows:
A resolution providing for the paving, curbing, guttering and storm sewer of Harvey Street, from Poplar Street to College Street, Elm Street from Poplar Street to College Street, and Franklin Street, from Snider Street to Jefferson Street, in said City. Whereas this Board has found and determined that it is necessary to pave with cement concrete and curb, gutter and storm sewer Harvey Street, from Poplar Street to College Street, Elm Street from Poplar Street to College Street, and Franklin Street from Snider Street to Jefferson Street, in said City and the general improvement fund is not sufficient and should not be used to make said improvements, which are street and not side walk improvements. Whereas it is necessary and the Board has determined to make said improvements by levying special assessments for two-thirds of the costs and expense thereof against the property abutting on said respective portions of said respective streets as hereinafter mentioned, the City to pay the remaining one-third of such costs and expenses and costs of improvements where made in street intersections. It is, therefore, resolved by the

Board of Mayor and Aldermen of said City.

Sec. 1. That said respective portions of said respective streets shall be paved with cement concrete and curb, gutter and storm sewer according to plans, specifications and drawings prepared by R. M. Smith, engineer and now on file with the Clerk of this Board. That the costs and expense of said special improvements shall be paid and borne as follows:
One-third thereof shall be paid by the owners of property abutting on one side of said respective portions of said respective streets, one-third thereof by the owners of property abutting on the opposite side of said respective portions of said respective streets and the remaining one-third and costs of improvements where made in street intersections shall be paid by the City.
Sec. 2. Said plans, specifications and drawings are hereby adopted as the plans, specifications and drawings for said respective improvements.
Sec. 3. That this resolution be published once a week for three successive weeks in some newspaper published in this City and any property owner actually residing on or otherwise occupying property owned by him and including within the part of any of said streets so ordered to be specially improved may file a protest with said Mayor and Aldermen at any time within ten days after the completion of the publication of this resolution. If a majority of such property owners shall protest against said proposed improvements on said respective portions of said streets then same shall not be made but such protest must be filed herein provided.
Sec. 4. That this resolution take effect and be in force from and after passage.
Attest: W. Y. West, Clerk.
Approved: R. W. Sharp, Mayor.
3-13, 20, 27, 4-3-497w.

The following resolution was adopted by the affirmative vote of all the Aldermen of the City of Grenada, Mississippi, except Alderman Moss, absent and not voting, and ordered entered on the Minutes, as follows:
A resolution declaring the intention of the Board of Mayor and Aldermen of said City to issue the bonds of said City to the amount of \$4,000.00 for the purpose of procuring the City's share of the costs of specially improving certain parts of Harvey, Elm and Franklin Streets in said City.
Whereas it is necessary and the City has determined to pave with cement concrete and curb, gutter and storm sewer Harvey Street from Poplar Street to College Street, Elm Street from Poplar Street to College Street, and Franklin Street from Snider Street to Jefferson Street in said City and the general improvement fund is insufficient and should not be used for

such purpose.

Whereas to procure the necessary funds to pay the City's share of the costs and expense of said improvements it is necessary that said bonds be issued.
It is, therefore, resolved by the Board of Mayor and Aldermen of said City.
Sec. 1. That it is the intention of this Board at its regular meeting to be held at the City Hall in said City at 7:30 P. M., on Monday, April 14, 1941, to issue the bonds of this City to the amount of four thousand dollars for the purpose of procuring the necessary funds to pay the City's share of the costs and expense of paving with cement concrete and curbing, guttering and storm sewer the above respective portions of Harvey, Elm and Franklin Streets in said City according to plans, specifications and drawings prepared and adopted therefore and now on file with the City Clerk, unless on or before said date there shall be filed a written protest against the issuance of said bonds by 20 percent or more of the qualified electors of said City, in which event said bonds will not be issued until authorized by an election as provided by law.
Sec. 2. Said bonds, if issued, shall bear a rate of interest not exceeding 6 percent per annum, payable annually, and in all respects shall be issued in the manner provided by law.
Sec. 3. That this resolution for cause take effect and be in force from and after passage and be published in a newspaper published in said City for three weeks, it being hereby found, recited and declared that this City is a municipal corporation of less than twelve thousand inhabitants.
Attest: W. Y. West, Clerk.
Approved: R. W. Sharp, Mayor.

Costs MORE than Electric Cookery for an Entire Day

And that's not all! At the touch of a switch electric cookery brings fast, uniformly fine cooking and baking results. Its clean, automatic operation saves time and trouble—cooks whole meals safely—while you are away. Further, it reduces food shrinkage, spoilage and waste—"seals" in meat juices—allows vegetables to retain vitamins and mineral salts. In short, Electric Cookery makes possible better cooked, better tasting, more wholesome and more easily digested food. SEE YOUR APPLIANCE DEALER . . . Electricity is Cheap!

Webster must have been
thinking of BEER!

In compiling his famous dictionary, Webster must have been thinking of beer, a beverage of moderation, when he defined the meaning of wholesome—because...

Beer is made from wholesome American farm products under rigid tests for purity and quality...

Beer is increasingly available to you in wholesome surroundings as a result of the Clean Up or Close Up program of the Brewers and Mississippi Beer Distributors Committee—a program that has won the support of law-enforcement officials and the thinking public.

Beer provides employment to 11,000 Mississippians and as a Mississippi industry, pays more than \$1,000,000 a year in taxes.

You can help protect these important benefits by patronizing the wholesome, law-abiding retail beer outlets in your community.

Mrs. J. W. Lipscomb and two little sons, Walton and Lewis, of Jackson were guests of their parents and their grandparents, Mr. and Mrs. Lewis Dubard last week. Their daughter, Miss Marion Dubard, Mr. and Mrs. J. S. Shell, and Misses Frances Shell, Julia Spight and Elizabeth Rogers were visitors in the Dubard home Sunday.

FRIDAY BRIDGE CLUB

The Friday Bridge Club met in the charming home of Mrs. Walter Garner this past week for games. The home was made festive for the occasion by placing Spring blossoms at points of vantage in the reception rooms.

Mrs. Roy Burt, of Winona, was the only non-member guest present.

Mrs. Garner won high score award and was presented a lovely "Hurricane" lamp. The hostess served sandwiches and Coca-Cola at intermission.

MY GOD

Written by Paul C. Morrison, age 10 to his grandmother, Mrs. Fannie Morrison at Christmas '40.
My God is very kind to me,
What's right or wrong he helps me see
He hates to see me in temptation
And tries to save me from damnation.

My God gave me my Mom and Dad
And a darling Grandma, too,
But if he hadn't I'd be sad,
God's sweet love to you.

AN OMISSION

The name of Mrs. Walter Garner was inadvertently omitted, with the two delightful vocal solo numbers she gave at the MacDowell Musicals presentation of Old Fashioned music last week. Mrs. Garner sang "Annie Laurie" and "Then You'll Remember Me" from the "Bohemian Girl" by Balfe.

E. L. Boteler, Jr., spent Tuesday in Como, attending to business affairs.

—if you're looking for a sensational trade, come to us! We're trading high, wide and handsome. While our used car stock permits...

WE'LL GIVE YOU

\$100 OVER BOOK

for your present car in trade on a big

1941 FORD!

● Once more to satisfy popular demand, we're going overboard! We are repeating the offer which brought new hundreds of value-wise buyers to our showrooms last month. Business is booming... we've reduced our profit per car by giving bigger trade-in allowances on cars in saleable condition and making it up on the greater number of cars we sell. Naturally we can't do this forever, because our used car stocks build up too fast. But we're doing it now... so if you want to get in on this chance of the year, act now! Come in tonight!

This is the time of year to trade

When traded in a year from now, a new Ford purchased today will be worth approximately as much as a new Ford you would purchase this spring... both will be 1941 models. And winter driving will

take a heavy toll of your present car if you wait until spring. So why worry through the winter with an old car? Trade now while we're trading high—get a better deal.

A mighty smart man once wrote the "best way to study mankind is man." If we ever knew his name, we don't remember it. If you are curious ask Prof. Rundle and Will Ed Boushe. What we are driving at, or to, is that it pays us, as we start in life to closely study people, and when we see one with outstanding virtues, get in association from them and when we meet those with dishonorable ways of living, try not to do as they do. We once knew a man in old Providence community who could neither read nor write, cared nothing about what went with Holy Grail, relatively poor splitting of an atom, had no charms for him, but he lived by honest work. His word was his bond. He has long since been gathered to his Father and sleeps the sleep that knows no earthly waking, but his life sayings and many others to nobler living. Will Ed

With The County Agent

All agricultural workers in the county have organized a county "Coordinating Council" with A. M. Sumner, Jr., Farm Security Supervisor, as president. Mr. Geo. M. Criss, County Forest Ranger, was chosen as vice-president and Mr. N. S. Craig, Supervisor of the Emergency Crop Loan office, secretary. Other members are: N. L. Douglas, State Plant Board Representative; J. M. Purdie, Federal Land Bank Representative; Mrs. J. R. Parker, Home Supervisor, F. S. A.; Mrs. Ridgeway, Asst. Home Supervisor, F. S. A.; V. M. Carpenter, Asst. Supervisor, F. S. A.; G. O. Sanford, Holcomb Vocational Instructor; C. E. Sprayberry, Gore Springs Vocational Instructor; J. L. Coley, County Agent; J. W. Wood, AAA Assistant; F. B. Duncan, Manager County Cooperative; E. L. Boteler and J. R. Parker, Representatives of Production Credit Association; Mrs. Velma Neely, Home Demonstration Agent; and Vera Sledge, Colored Home Demonstration Agent.

The purpose of this council is to promote better farm and home programs in the county and better cooperation among all agricultural agencies in the county.

W. E. Boushe, our retired county tax assessor, is busy constructing terraces to improve his farm which has been in the Boushe family for one hundred years. He has recently constructed two very nice and comfortable dwellings, one for his family and one for his son-in-law. Mr. Boushe has planted a home orchard and has a large flock of chickens with modern poultry houses.

J. I. Mitchell, of Beat Four, planted hairy vetch last year to improve his farm and has an excellent stand. He thinks it is not growing enough, but was advised to watch it grow when some warm, spring sunshine hits it.

Geo. F. Kraft has constructed the most modern dairy barn in Mississippi. It has a concrete base in the "milking parlor" with stanchions for 30 cows. The upper two-stories are floored with oak.

The power-transforming unit is working in Beat Four on the farms of D. W. Ingram, J. B. Strider, and J. A. Martin. The unit is working towards Hardscrabble. Work has been signed up on the farms of Mrs. Nettie Aldridge, J. I. Mitchell, H. J. Ray, W. E. Smith and F. W. Goodwin.

One hundred farmers have paid five hundred dollars in memberships in the Rural Electrification Project in Beats 2 and 3. The electric lines will join the lines of the Natchez Trace Electric Power Association at Big Creek and Cadretta.

The Farmers Cooperative and Cold Storage Plant is sponsoring an educational free picture show, "Vitamins on Parade," and one of the world's best "Magicians" will pull rabbits from a hat, etc. at the Agricultural Building on next Monday night, March 24, at 7:30 p. m.

Granting if you will, that some workers are NOT getting every penny they should get, is it not right that they, too, should make some sacrifice in the national effort? But, we believe, the lowest paid of the strikers already is receiving about ten times \$21.00 per month, the wages of the drafted, or selectee, as they are now called.

The best thing that friends of Mike Conner can do for him is to tell him to hold onto that fat job, and let politics alone. Mississippi, we grant, needs Mike Conner but unfortunately, Mississippi does not know it.

Henry James and Cecil Jacks, both in the Vets Hospital in Memphis, both agree with the statement, "Aint they sweet." Of course, there are degrees of sweetness, and I would be both disloyal and untruthful if I did not say that "our" are sweeter than "their".

Fred Murray, stationed at Jefferson Barracks, Missouri, and a member of the Air Corps, spent a three-day furlough with his parents, Mr. and Mrs. John Murray. Fred says it's all right, if you like it.

Congratulations to Lonzo Billups and Junius Townes upon their defeat in the alderman's race.

With all of Mississippi's so-called powerful and influential representation in the Senate and in Congress, look and see what Mississippi has received from the defense program—Camp Shelby, built 25 years ago, and a pen.

They say that Jim Moss is getting much better.

Fred Griffin, president of the Men's Bible Class of the Presbyterian church, is a fine host, and a fine provider.

Mr. Rob Brown was a business visitor in New Orleans last week, and Mrs. Brown and little daughter spent the week in Louisville with their parents and grandparents, Mr. and Mrs. Fair. They returned home on Friday.

Sgt. Jas. R. Hooker and Cpl. Dorsey R. Tolison, of Camp Blanding, arrived by bus Sunday night for a week's visit with home folks.

Rev. Dan Patch, of Baldwin, former pastor of First Baptist Church in Grenada visited briefly with the editor of GCW on Monday morning.

No Ford has ever carried
EXTRA VALUE
quite so far!

We'd like you to see and drive the finest Ford we've ever built.

You'll find its big bodies longer inside, greater in total seating width, and larger in windshield, than anything else in the Ford price field right now.

You'll find a great new Ford ride, too. A soft and quiet new ride that has surprised a lot of people and may surprise you.

And with its room and ride and view, you get Ford extra power with extra thrift, the biggest hydraulic brakes near its price, and a lot of fine-car mechanical "features" found only in a Ford at low price.

If you are choosing a new car this year, you'll do well not to miss this Ford. And not just because we say so, but because the facts do!

GET THE FACTS AND YOU'LL GET A FORD!
